RE: Label Notification to Add EPA Requested PPE Language and Optional Marketing Claims

Company Name: Noble Pine Products Co.

Product Name: Steri-Fab[®]

EPA Registration Number: 397-13

Dear Mr. Swindell:

Technology Sciences Group Inc. (TSG), on behalf of Noble Pine Products Co. (Noble Pine), is hereby submitting a label notification for EPA Registration Number 397-13, Steri-Fab[®], to add EPA requested PPE language, correct emergency contact phone number and optional marketing claims.

On October 9, 2012, EPA approved the Steri-Fab[®] reregistration label with the following language under the **Personal Protective Equipment** section:

*"Some materials that are chemically resistant to this product are (**registrant inserts correct material (s)**). For more options, follow the instructions for category (**insert A,B,C,D,E,F,G, or H**) on the chemical resistant category chart."*

To reflect the appropriate PPE language on the EPA stamped label, we have added the language from the appropriate chemical resistant category chart. The **Personal Protective Equipment** section now reads as follows:

4/9

"Some materials that are chemically resistant to this product are barrier laminate, butyl, nitrile, neoprene, polyvinyl chloride (PVC) or Viton. For more options, follow the instructions for category C on the chemical resistant category chart."

Furthermore, the approved product name and marketing claims have been repeated in two additional locations on the draft label for marketing purposes. The emergency contact number has been updated. Lastly, the phrase "Batch Code" has been made optional. However, the actual batch code will appear on all products either on the label or on the product container itself.

The following documents have been included to support this notification:

1. EPA Form 8570-1-Application for Pesticide Registration;
2. One copy of the label with changes highlighted; and
3. Three copies of the clean label.

If you have any question, please do not hesitate to contact me at mpletka@tsgusa.com or (202) 828-8954.

Sincerely,

Megan E. Pletka
